

**WITH THE BE-LINE® SHOWER SEAT, LIFE IS SWEET**

Design and comfort for all

Available in a matte white finish

Be-Line® shower seat with no leg

Be-Line® grab bars in metallised anthracite or matte white

Ref. 511930C

**The DELABIE Group, expert in accessibility for public and commercial places, has extended its Be-Line® design range with a new version of its lift-up and removable shower seat. This model with a leg adapts to different types of walls.**

**Combining aesthetics and comfort, it offers safety and well-being to users - senior citizens, people with reduced mobility or disabled people.**

**Design and well-being**

DELABIE's Be-Line® range combines aesthetics and comfort.

The innovative design of the Be-Line® grab bars and shower seats eliminates the medical and sometimes stigmatising aspects of accessible washrooms, leaving only a feeling of well-being, free from any complex, both at home and in the wider environment.

The Be-Line® range transcends generations and is suitable for every life stage, regardless of age or level of independence, which makes the shared use of sanitary spaces more agreeable for everyone.

The Be-Line® shower seat with its clean lines naturally integrates into its environment.

**Comfort for all**

The Be-Line® shower seat subscribes to the school of design for all. It is suitable for all users. In the lowered position, with its ample width and depth, it is a valuable aid for senior citizens and people with reduced mobility, or it can simply provide extra comfort for the user. Taking up minimal space in the raised position, it is ideal for shared use of the shower. The Be-Line® shower seat is also removable.

With a simple movement, it can be replaced by a shower shelf. This reduces the number of shower seats in the building, allowing their installation only when necessary. For example, hotels or hospitals providing short-term accommodation for people with reduced mobility.

**Maximum safety**

This new version of the Be-Line® shower seat features a leg. This is used as reinforcement when the wall fixing alone is insufficient.

As with all of DELABIE's Accessibility products, the Be-Line® shower seat benefits from the Safety Pack: 10-year warranty, CE mark and tested to over 200kg. In public and commercial places, the user weight is unknown. The products installed must therefore be able to support any user.

Available in two aluminium finishes - matte white or metallised anthracite powder coating - Be-Line® ensures a good visual contrast between the colour of the shower seat and the wall.

Be-Line® grab bars and shower seats match all interior decoration styles.

## **PRODUCT BRIEF / WITH THE BE-LINE® SHOWER SEAT, LIFE IS SWEET**

The DELABIE Group, expert in accessibility for public and commercial places, has extended its Be-Line® designer range with a new version of its lift-up and removable shower seat. This model with a leg adapts to different types of walls. Combining aesthetics and comfort, this seat offers safety and well-being to users - senior citizens, people with reduced mobility or disabled people. The Be-Line® shower seat subscribes to the school of design for all. It adapts to every user - in the raised or lowered position - or it can be replaced by a shower shelf in a simple movement.
